Financial Literacy Workshop Course List • March, April, and May

PROGRAM DESCRIPTIONS:

In-House Workshop Program

This program is known as the Free Financial Literacy Workshop Series. The five standard courses are offered on a rotational basis at Tabor twice a week on Tuesday evenings from 6-7:30PM and Thursday mornings from 10-11:30AM. Elective courses are offered periodically. These workshops are free and open to the public.

Traveling Workshop Program

All courses (standard, elective, and youth) are offered as on-site workshops for area churches, schools, organizations, and businesses for a low cost. The Education Department schedules workshops at times that are convenient for each group.

Budgeting: Making a Money Plan That Works

This course gives tips and advice for designing a balanced budget and offers the opportunity to participate in budgeting exercises. Attendees are given the tools to create their own personalized budget, including recommended spending figures.

Savings: Making Your Money Work for You

As an introduction to savings, this course teaches the importance of: setting up a savings goal, starting a savings plan and budget, and becoming knowledgeable about the different types of savings accounts and programs, including accounts with interest.

Banking Basics

Attendees are introduced to banking by learning how to set up and use a bank account, read statements, and balance a checking account.

Good Credit and How to Get It

This course is designed to emphasize the importance of having good credit. Attendees will learn how to request and read a credit report, as well as how to correct errors. The class will discuss ways to establish and maintain a good credit rating.

Loans: When to Save, When to Borrow, When to Buy

This course is designed to be an introduction to the different types of loans (vehicle, education, mortgage, consumer, etc). Attendees will learn to search for reputable loans, as well as understand the steps needed to apply for loans.

Earth Conscious, Money Conscious

Designed to address an area of concern in today's world, this course links conservation to smart financial choices. Attendees will receive tips on how to save money on electricity, water, and heating and cooling bills, as well as how to decrease food, clothing, and transportation expenses through free or inexpensive green methods (including conservation, weatherization, and smart shopping practices).

How To Raise Money-Smart Kids

A workshop for parents of children from preschool to high school seniors. Gives parents the tools to teach money management skills consistent with their family's values.
