# DISCOVERY DAY

Saturday, May 4, 2024  
10 a.m.-Noon

Join us on campus while MHS students showcase their passions and put their education into action with hands-on activities for the whole family!

Drop in for a morning of discovery at Milton Hershey School! Experience the career-focused learning our students engage in every day through fun, interactive activities. Visit our petting zoo with baby goats and create your own treat in our culinary kitchens. MHS students in various career paths are excited to show off their welding skills, perform a drone demonstration, and even guide you through a tiny home they built!

Take a trolley ride to explore the campus and tour a student home. Plus, enjoy free snacks and make a fun frisbee art souvenir.

**Our students and admissions team are ready to show you what makes MHS an incredible place to live and learn.**

*This is an outdoor event, rain or shine, that requires moderate walking.*
